PENOBSCOT CHEAP CASH

Stove Warehouse.

HEDENBERG'S *PATENT AIR-TIGHT* **PARLOR COAL STOVE.**

THIS STOVE was patented by Mr F L HEDENBERG, of New York, in 1835 and was sold by him to a considerable extent in that city last winter, giving entire satisfaction to those who used it

The subscribers having purchased the right to vend the article in this city, now offer them to the public with the fullest confidence that, for Parlors, Chambers, Stores, Halls and Offices, where little or no pipe is to be used, they are superior in point of economy, comfort and convenience, to any other Stove now in the market

The principle on which the Stove is constructed will commend it to the judgment of the scientific, while a moment's observation of one in operation will secure the admiration of the practical man

A lengthy description of this article is unnecessary We prefer that it should be seen, believing that it will be found to possess those qualities for which all are looking in parlor and office Stoves, viz beauty, durability, cleanliness convenience in management and ability to radiate the largest possible amount of heat before it passes from the stove By a constant circulation of air in the room through the Stove (entering under the base) around the cyl under which contains the fire, the air is kept in a state of the greatest purity

—ALSO— the following Parlor Stoves

FOUR-COLUMN Air tight Coal Stove
Sheet-Iron Air tight Wood Stove
Cast Top and Bottom A T Wood Stove
Cast-Iron A F Wood Stove
Pyramid Coal Stores
Cylinder Stoves for Wood
Eagle Parlor Stove, for Wood
Cut Parlor Stove, for Wood, and

a great variety of COOKING STOVES, all of which will be sold at as great bargains as can be had in the city

READ THIS! *FOR MAN AND BEAST.*

DR KITTREDGE'S Green Nerve and Bone Ointment discovered and used by the late Dr Kittredge of Walpole, N H with the most unparalleled success, is now prepared by Geo C. Goodwin, Druggist, 76 Union street, Boston, from the Original Receipt, and is confidently recommended to the public for the cure of the following diseases incident to the human frame Rheumatism, Lameness, Sprains, Gout, Salt Rheum, Scrofula, Piles, Humors, Contractions, and all external complaints It is also equally celebrated in the cure of the following external diseases of Horses and Cattle—Sprains, Galls, Cuts, Scratches, Bruises Whitbone, Pattern, Cough, Stiff Joint, Film in the Eye, &c

Numerous certificates might be produced attesting to its inestimable virtues, and the public may rest assured that this ointment is superior to any remedy ever invented for the cure of the above named diseases, and on like too many highly extolled medicines.

It is no humbug—in proof of which the proprietor will himself, and hereby authorises his Agents in all cases to refund the money, where it does not give the most unbounded satisfaction

oct 26. G. H. SMITH & CO

FOREIGN PERIODICALS.

REPUBLICATIONS OF

The London Quarterly Review
The Edinburgh Review,
The Foreign Quarterly Review,
The Westminster Review,

AND

Blackwood's Edinburgh Magazine

THE above Periodicals are reprinted in New-York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—BLACKWOOD'S MAGAZINE being an exact facsimile of the Edinburgh edition

The wide-spread fame of these splendid Periodicals renders it needless to say much in their praise As literary organs they stand far in advance of any works of a similar stamp now published while the political complexion of each is marked by a dignity, candor and forbearance not often found in works of a party character

They embrace the views of the three great parties in England—Whig, Tory, and Radical—"Blackwood" and the 'London Quarterly' are Tory, the Edinburgh Review" Whig and the 'Westminster," Radical The Foreign Quarterly is purely literary, being devoted principally to criticisms on foreign Continental Works

The prices of the RE PRINTS are less than one third of those of the foreign copies and while they are equally well got up, they afford all that advantage to the American over the English reader

TERMS

PAYMENT TO BE MADE IN ADVANCE

For any one of the four Reviews,	$3,00	per annum
For any two, do	5,00	"
For any three, do.	7,00	"
For all four of the Reviews,	8,00	"
For Blackwood's Magazine,	3,00	"
For Blackwood and the 4 Reviews,	10,00	"

CLUBBING

Four copies of any or all of the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

☞ Remittances and communications must be made in all cases without expense to the publishers The former may always be done through a Post master by handing him the amount to be remitted taking his receipt and forwarding the receipt by mail post paid or the money may be enclosed in a letter *post paid* directed to the publishers

N B—The *Postage* on all these Periodicals is reduced by the late Post Office law, to about *one third the former rates* making a very important saving in the expense to mail subscribers

☞ In all the principal cities and Towns throughout the United States to which there is a direct Railroad or Water communication from the city of New York these periodicals will be delivered FREE OF POSTAGE

Bangor, June 11, 1846 3 16

Dr. S. O Richardson's CONCENTRATED Sherry Wine Bitters.

THE Proprietor of this Medicine offers to the public the result of an extensive practice and a thorough investigation of the laws which govern the human system.

It cannot be denied by those who have become acquainted with the singular virtues of these Bitters, that they possess a pre eminence over all others now in use, for the diseases which they profess to cure

It is a well known fact, that most diseases arise from a derangement of the Stomach and Bowels, in youthful, adult and declining life

The extensive sympathies which subsist between these and every other part of the living body are the foundation of nervous diseases of all kinds, Irregular Appetite, Languor, Drowsiness, Wandering Pains Headache Lowness of Spirits &c

And these in their turn give birth to Dyspepsia, Palpitation of the Heart, Shortness of Breath, Jaundice, Piles Fevers, Inflammatory Humors, Coughs and a host of diseases which embitter life and poison all sources of enjoyment

The distinguished character of these Bitters is most striking, their operation being more or less powerful according to the violence of the disease When used in appropriate quantity, in cases of slight derangement of the Stomache and Bowels caused by costiveness or a slight bilious difficulty and the like, whose nature needs assistance to prevent more serious consequences, they will be scarcely felt

On the contrary, in obstinate cases, they frequently operate more powerfully, causing two or three evacuations daily, until the circulating fluid becomes purified This accomplished, they act on the system in connection with our food, each receiving mutual assistance until the constitution is restored to a state of health and renewed vigor.

For sale wholesale and retail at the Doctor's Office 15 Hanover-street, Boston, and by Agents, Merchants, Druggists and Apothecaries, in every town throughout the New England States Price 75 cts a bottle, 50 cts a paper

For sale wholesale and retail in Bangor by G W LADD, A P GUILD, POTTER & BROWN, H ALL & YOUNG, G F SARGENT, NATHAN B FOLSOM

WORMS EASILY REMOVED. *Winer's Canadian Vermifuge.*

HUNDREDS OF CHILDREN DIE every year from the disease produced by Worms! They are the cause of numerous and frightful diseases Indeed there is scarcely a complaint common to infancy and childhood which may not be produced or greatly aggravated by the presence of these destructive animals in the stomach and bowels Cause are recorded of their producing St Vitus's Dance, Locked Jaw, Dropsy, Squinting Loss of Feeling in the Limbs, Rickets, Palpitation of the Heart, Eruptions, Dry Cough, Severe Pains, Paleness, Emaciation, total Decline of Strength and consumption They consume all the nourishment in the body, and finally destroy the child

WINER'S CANADIAN VERMIFUGE is a pleasant, safe, speedy and permanent cure for this dangerous affliction It has been faithfully tried, and is universally approved of even by Physicians It destroys the worms at once, dissolves and carries off the slime which forms the nest of worms, and greatly improves and invigorates the system It is the most perfect thing of the kind ever invented, and no family should be without it.

P S Parents may be assured that this medicine is perfectly harmless in all its effects It is carefully compounded, of the very best materials, and there is not the least danger in using it

Price only 25 cts per bottle

SPRING and SUMMER MEDICINE *DR. PHELPS'* TOMATO PILLS,

FOR DYSPEPSIA, INDIGESTION, COLDS, JAUNDICE, COLIC, &c and universal

FAMILY MEDICINE.

DR PHELPS' COMPOUND TOMATO PILLS, the unrivalled alterative remedy for Chronic Diseases, Morbid Secretions of the Liver, Stomach and Bowels, Spring Fever and the great remedy for

IMPURITIES OF THE BLOOD,

and the celebrated

SUBSTITUTE FOR CALOMEL.

The great superiority and beauty of this Medicine over all others is, it not whilst it eradicates disease, it also invigorates the body

It has been used successfully for the last eight years in the removal and permanent cure of all diseases arising from an impure

State of the Blood, or Habit of the System, Acute and Chronic Rheumatism,

Affections of the Bladder and Kidneys, BILIOUS FEVER Bilious Colic and Costiveness, Costiveness, Colds Corrupt Humor, Dropsy, Gravel,

DYSPEPSIA.

No person with this last disease, should delay using these Pills, it positively cures *all* cases of Dyspepsia however severe, also

Eruptions of the Skin, Erysipelas Enlargement of the Bones, Flatulency Paulness of the Complexion, General Debility, Jaundice

For general physical prostration, caused either by disease medicine or indiscretions, alienations of mind, confusions of ideas, dimness of vision and lassitude of body, this Medicine has never had its equal

GOUT, GIDDINESS, GRAVEL

Headaches of every kind Inward Fever, Inflammatory RHEUMATISM,

Impure Blood Jaundice Loss of Appetite,

LIVER COMPLAINTS

Nervous diseases, organic affections, palpitations of the Heart, pains in the Back and Side, stiffness and pains in the limbs joints and organs,

rush of Blood to the Head,

SICK HEADACHE

Scurvy, Salt Rheum, Swellings, hereditary disposition to Cancers, Ulcers Spring Fever Erysipelas,

SCROFULA or KING'S EVIL

are cured by these Pills, when other Medicine fail to have any effect

FEMALE COMPLAINTS

Ladies of pale complexions and Consumptive habits and those predisposed to Scirrhous Tumors of Cancerous affection, such as are debilitated by diseases peculiar to their sex, are restored by one or two boxes to health and vigor

Those of Sedentary Habits or who labor in Factories and poorly ventilated rooms, or who hereditarily inherit a feeble or strumous constitution can

PROLONG THEIR LIVES

and sustain their *Health*, by a timely and judicious use of the TOMATO PILLS

The peculiar *alterative effects* of these Pills which no other medicine yet discovered possesses and which Physicians have so much extolled, render them peculiarly adapted to the above diseases and in general

FAMILY MEDICINE

The proprietor has received, during the seven years his *Pills* have been before the public more than

FIVE THOUSAND

Certificates of cures performed by them a great proportion of these from Physicians of the first respectability in practice, which have themselves prescribed and administered the remedy after being discouraged and perplexed by the use of the ordinary remedies of the day Many of them are singular and unmistakable cases, and all of them obstinate and severe, having withstood the effects of a variety of remedies for a long time The columns of a newspaper will not allow a statement of cases in detail, but circulars may be had of the Agents containing the particulars of some of them Suffice it here to say that they are not *made up* cases, nor testimonials manufactured for the occasion, but from persons known for respectability and gratitude have voluntarily given their testimony for the benefit of the public Among the cures are severe and obstinate cases of DYSPEPSIA

Justice Bloodgood of New York city, Isaac W Avery, Esq of the same place, Rev F B Cross of Avon, Conn, John L Fish, Esq of Rochester, N Y, have been cured by these Pills

LIVER COMPLAINTS,

Mr A B Wilcox, of Saratoga, N Y, Dr G E Palmer, Stonington Ct, T Paine, Esq of Columbia Tenn, D J Winer, Kingston U C, A Spaulding, M D Flushing, Nathaniel Stevens, of Norfolk, Ct John Graham, M D of New York, have used and recommended them in their practice as the best article ever used

TUMORS, &c

Mr Andrew Vredenburgh, of Rome, N Y was cured of a painful and scirrous Tumor of the Breast, after having tried the prescriptions of Physicians in vain for two years, and they had decided that nothing but an operation would give any relief

Dr John E Eaton of Brookfield, Mass cured Mr Luther Stowell of a carious Ulcer of the Leg, of five years' standing, by the use of these Pills

WORMS

Dr McNab of McIndoes Falls, Vt cured a severe case of *Tape Worm* by two doses of the Pills Hundreds of cases of other Worms are certified to, as cured by these Pills.

DROPSY

Dr Jewett of Chicopee Mass cured a case of Dropsy considered hopeless in forty eight hours, by the Pills alone He also used them with astonishing efficacy in

GLANDULAR OBSTRUCTIONS

Bilious Diseases, and in Liver Complaints, and says he never saw so good a Cathartic for *FAMILY USE*

JAUNDICE,

connected with Pain in the Side, and Loss of Appetite, and Depression of Mind

Hundreds of severe cases of this character have been communicated to the Proprietor, where the cure has been both speedy and permanent

The Dolobreaux, or Nervous Face Ache

A lady in Norfolk Ct one in Simsbury, two in this city, and one in New York, have been permanently cured, and in one case after the operation of dividing the nerves had been twice performed

RHEUMATISM

both inflammatory and chronic, is speedily cured together with enlarged Joints

As a Cathartic for Family use and a substitute for Calomel and other Mercurial preparations, these Pills stand unrivalled in the estimation of the public, and of the profession generally, wherever they have been introduced In the Spring season of the year and commencement of Summer, when the system requires an alterative or depurgent medicine, these Pills are particularly serviceable

☞ Look out for IMITATIONS! Be particular to inquire for "PHELPS' TOMATO PILLS" and observe the name of G R Phelps, M D is on the side label All others are worthless or worse than worthless

It would be too expensive to publish a list of the Agents for these Pills The genuine can be obtained of most of the respectable Druggists throughout the United States, and one principal merchant in every country town in the State, who authorised Agent—Those wishing to obtain them, should inquire at the principal store in their town Agents are requested not to purchase of Pedlars but to renew their supply from the proprietor's authorized Travelling Agent, or send his order to the subscriber, at Hartford, Conn

MORE PROOFS! *"The cry is still, they come!"*

EVERY mail brings tidings of their success—From East to the remotest West—from Canada on the North to Mexico and the West Indies on the South—all are unanimous in their praise—Of a medicine so universally known and esteemed as

WRIGHT'S INDIAN VEGETABLE PILLS,

it is hardly necessary to speak in detail At no period in its history has the reputation of that medicine stood higher, and we may say that no reputation is likely to be more enduring Adapted to all constitutions to every form of disease, and to all climates Wright's Indian Vegetable Pills are above every other medicine fitted for the use of man under whatever circumstances he may be placed At sea or on land, at home or abroad, in summer's heat and winter's cold with a common regard to the conditions of health and with Wright's Indian Vegetable Pills at hand there is no excuse for being sick unless the constitution be utterly irremediable

As our object is to state where the genuine medicine can be obtained rather than to give an extended notice which our limits forbid, we shall merely subjoin one or two of the numerous testimonials that have just come to hand Hundreds of the same kind might be added, but we are sure the public will save us the trouble of arranging them

[Extract of a letter from Hernando Mississippi

"To W Wright—Your Pills have given universal satisfaction, and are justly very popular I can sell from 30 to 40 dozen annually if I could be supplied Yours,

WM HENRY JOHNSON Agent"

It ought here to be remarked that the medicine has been but recently introduced into Mississippi

[Extract of a letter from Jersey Shore Penn]

"The Indian Vegetable Pills excel every thing of the kind ever offered to the public in this section of the country, notwithstanding the combined efforts of some few unprincipled mercenaries to put them down S WINCHESTER & SON

[Extract of a letter from the Editor of the Pittsburg Chronicle]

I have myself *used* your pills and am satisfied of their beneficial effects in various diseases

The following highly respectable storekeepers have been duly appointed agents for the sale of Wright's Indian Vegetable Pills

	Orono P P Pearsons E Corinth

And by Agents in every village and town in the State

SPECIAL NOTICE.

In consequence of the passage of an act by the recent Legislature of Maine, unjustly requiring the publication of the receipts of all proprietary medicines, after the first of January next, the public would do well to PURCHASE IMMEDIATELY AN AMPLE SUPPLY of the above celebrated medicine as it MAY NOT BE LONG that the opportunity will be afforded in the State of Maine—The sinister intentions of designing men will thus for a time be defeated The medicine if kept dry, will be good for years That act we pronounce most *unjust*, because it requires a valuable secret to be put into the hands of one a *professional enemies* This no one will do, and thus the poor man will be compelled to pay for the visits of a doctor, instead of doctoring himself as he now does at a small expense

HINTS FOR THE WARM SEASON.

PILLS wonderful compound combines MEDICAL POWERS over all other preparations ever formed for the relief of those diseases for which it is recommended, such as Headache Dizziness, Sleepiness Noises in the Head Bad Taste in the Mouth Nausea or sickness in the Stomach Loss of Appetite, Indigestion, Dyspepsia, Fever and Ague, Pain after Eating Sour Stomach Heartburn Jaundice Costiveness Determination of Blood to the Head, Piles Coughs, Colds pain in the side back limbs and joints, Rheumatism, all Chronic Diseases Scrofulous Humors, Salt rheum, and all Cutaneous Eruptions of the Skin, General Debility, &c

The DANDELION AND TOMATO PANACEA is particularly recommended in cases of Indigestion and Dyspepsia The following are some of its distressing symptoms Palpitation of the heart, heartburn, loss of appetite, pain after eating languor, melancholy, restlessness &c It will cure the worst diseases of

RHEUMATISM,

and will eradicate mercury from the system infinitely faster and better than the common Sarsaparilla preparation The *Dandelion and Tomato Panacea* is as all must be aware, from the ingredients of which it is compounded, the best as well as the safest

Spring and Summer Medicine

now before the public Spring and Summer are the seasons when

Jaundice Complaints

are most prevalent The symptoms of these complaints are

Drowsiness, Dimness of Sight, &c

It has proved itself a most astonishing and effectual remedy for that worst of all maladies,

The Piles

because it cleanses and enables the stomach to discharge into the bowels, and causes a free circulation and regulates the whole system, and thereby prevents

Costiveness

In cases of Costiveness, either of recent or long standing, it has proved itself effectual after all other remedies have failed

Scrofula, or King's Evil

and all other eruptions of the skin are caused by the impure state of the blood and to have pure blood a medicine should be occasionally taken—The Panacea is wonderful in its effects for purifying and

Cleansing the Blood,

and is therefore a preventive for all eruptions of the skin and will eradicate

Humors

of long standing, and in fact is indispensable for the promotion of

Sound Health

from the most exhausted constitutions

PATENTS!

AMERICAN AND FOREIGN OFFICE, And Agency of the U S Patent Office, Washington

22 State Street—Boston.

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S Patent Office for the purpose of receiving and forwarding to the same all such models specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein which will be received and forwarded, free of expense and risk, to their owners and with all possible despatch The subscriber will prepare Caveats Specifications Assignments and all the necessary Papers and Drawings, will make researches into American and Foreign works, for establishing the validity or utility of inventions and render advice on all legal and scientific matters respecting the same Patents secured in Europe and other countries

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents The experience of fourteen years practice—an extensive collection of rare works documents, decisions &c on mechanical subjects and the Patent Laws—and patents of different countries collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents which in other respects might be difficult of attainment

Mexican News.

Important from the Army.

SANTA ANNA FORTIFYING AT SALTILLO

Immense Mexican Forces Reported to be in the Mountain Passes.

MONTEREY EVACUATED by AMPUDIA

We give below the latest intelligence of the affairs in Mexico and California Everything relating to the progress of the war is of so much interest at the present time, that we wish to furnish our readers with all that is important.

The steamship Galveston arrived at New Orleans on the 20th inst from Brazos Santiago bringing advices from Monterey to the 5th of October, confirming the accounts which have been previously received relating to the capture of that city by Gen Taylor The city is now in the quiet possession of our army On the 27th ult Gen Taylor announced his victory in the following general order

ORDERS—No 123

Head Quarters Army of Occupation, Camp near Monterey, Sept 27, 1846

The commanding general has the satisfaction to congratulate the army under his command upon another signal triumph over the Mexican forces Superior to us in numbers, strongly fortified, and with an immense preponderance of artillery, they have yet been driven from point to point until forced to sue for terms of capitulation Such terms have been granted as were considered due to the gallant defence of the town and to the liberal policy of our own government.

The general begs to return his thanks to his commanders and to all his officers and men, both of the regular and volunteer forces, for the skill, the courage, and the perseverance with which they have overcome manifold difficulties, and finally achieved a victory shedding lustre upon the American arms

A great result has been obtained, but not without the loss of many gallant and accomplished officers and brave men The army and the country will deeply sympathise with the families and friends of those who have thus sealed their devotion with their lives

By order of Maj Gen TAYLOR

(Signed) W W S BLISS, Ass t Adj t Gen

Official

GEO A M M CALL, Ass t Adj t Gen

The total loss of the American army, we observe, is reported by Captain Owen, of the Baltimore battalion, who came passenger in the Galveston, as 561 killed and wounded, while the Mexican loss is believed to have exceeded one thousand

Lieut Dilworth, of the 1st Infantry, has died of his wounds since the capitulation Lieut Col McClung, on the other hand, is not dead, but is fast recovering, as was the case also with Major Lear, of the 3d Infantry

The great subject discussed in the army continued to be the terms granted to Ampudia It is urged that he made the defence of Monterey contrary to the wishes and orders of Santa Anna He fought well, and Gen Taylor was induced to be lenient towards him Such were some of the reasons given Others say Gen Taylor yielded with reluctance to the opinions of the three officers next in command

At Camargo two duels were expected to come off Brigadier Thomas Marshal had called Col Bailie Peyton to account, and a meeting was expected between them on the 11th Another duel was expected at the same place between Colonel Marron of New Orleans and Captain Sheveus of Texas

The Matamoras Flag announces the death of Capt Robert Mitchell, Assistant Quarter Master to the Indiana Volunteers The Flag gives the deaths of volunteers at Matamoras from Sept 1st to Oct 5th, sixteen in number—Forty were discharged during the same period Gen, Patterson had issued an order agreeably to the terms of the armistice, keeping the Mexican troops clear from the Rio Grande or the route between it and Monterey

The steamer Col Harney, with a full cargo of government stores, was lost on the 12th inst near the mouth of the Rio Grande The Harney went to pieces, and the cargo was scattered along the shore There were twenty-eight persons on board Captain Shannon, Rooney, the mate, the pilot, and to engineers, were saved Of those lost the names were not known

A letter from Monterey, dated Sept 29th, says the Mexican troops had almost all left the town Ampudia left for Saltillo on the 27th, quite crest fallen The opinion prevailed in camp that the Mexicans would not propose peace, but make a stout resistance at the passes at Saltillo

—Gen Taylor, the writer says, would have made great havoc at Monterey on the 25th, if Ampudia had not sent in proposals to surrender Gen Taylor acted upon the conciliatory policy of our government

Hays and Wood s two Texas regiments were to return home, and new regiments were to be raised, if hostilities were renewed The main part of the wounded officers were doing well Gen Butler was recovering An express came into camp on the afternoon of the 29th, from Saltillo, stating that Gen Santa Anna was at the latter place, fortifying He had thirteen thousand men, which Ampudia s force would swell to twenty thousand Nothing is said about any quarrel between Generals Taylor and Butler, or of any injudicious conduct on the part of the latter Nothing from Gen Wool s Army

A letter published in the New Orleans papers, dated Monterey, Sept 29, says it is stated at that place, on the authority of a Mexican, that Santa Anna arrived at Saltillo the evening previous and at once commenced fortifying the place with vigor He had no less than 13,000 with him, which, added to those which left under Ampudia, will swell his army to over 20,000 men Report further has it that he is to erect works and batteries close by the Rinconada—the limits of our lines by the sixty days' truce If all this should prove true, the army will have sanguinary work before them

The following letters are copied from the N Orleans Picayune

MONTEREY, Mexico, Sept 29, 1846

Our army has taken, or rather retained, 35 pieces of artillery, many of which are valuable, and as much ammunition as will ever be needed to use with them The killed and wounded of the enemy cannot be ascertained with any degree of certainty, but it is known now that their loss far exceeds ours The reports of the different commanders in General Taylor s army have not all been sent in yet, but enough is known to render it certain that our loss will not very twenty from five hundred killed and wounded A considerable number of the wounded will die, so that the number who will have lost their lives will be about three hundred

General Worth lost eighty killed and wounded, about twenty killed, or have died since the battle The large fort on the North of the town is a very strong work, and it would have cost a heavy sacrifice of life to take it It is built scientifically—has four salients, each of which is pierced for eight guns Inside of the walls, which are apparently new, and which encloses an area of some two or three acres, are the thick walls of a large unfinished cathedral, inside of which are twelve very large pillars intended for the support of the roof These pillars are at least twelve feet square at the base, and like the walls, are about 20 feet high The walls of the fort are solid and neatly built, having a gateway and drawbridge on the side next to the city

MONTEREY, Mexico, Sept 29, 1846

We are at length in quiet possession of this place the last division of Ampudia's army having marched out yesterday morning The 1st division marched out on the 26th, the 2d on the 27th and the balance on the 28th

I saw the two last, and was able to form a tolerable good idea of the number of men in them They could not be fewer than 2500 of each division, of regular soldiers, well armed and equipped

Add to these some 2000 horsemen who left the city in small parties, during the four days fight, and at least 5000 citizens of the town who took up arms in its defence, and you have a pretty strong force for the defence, of a place which nature and art have combined to render as strong as any in the world

How such an army, thus situated, could ever allow itself to be conquered by a force of less than 7000 men, will always appear strange to me The cowardice of Ampudia is now established beyond a doubt So careful was he of his person, that it is said he never once left his house when any firing was going on.

I felt perfectly satisfied, when I saw the Mexican troops pass out of town, with the arrangements which Gen Taylor had made with them To take all those men prisoners would have been useless

Their arms we did not want, their horse were worthless, with a few exceptions, and it would have been very expensive and troublesome to feed and guard so many men

Extract of a letter in the Jour of Com. dated

LEPIC, Mexico, Sept 12, 1846

We have now the disagreeable task to inform you that Com Stockton has declared the whole of the Mexican coast on the Pacific in a state of blockade The Cyane arrived from California, off San Blas, on the 2d of the present month, and sent to the authorities on shore the inclosed notification A couple of coasting vessels have been seized by this corvette She is cruising off the coast, and occasionally anchors in the bay Another vessel has cut out of the harbor a coasting vessel We have not heard of her name, but suppose it will be the Warren It is said that there are two other vessels coming to blockade Guayama and Acapulco, so that we shall have a formal blockade of all the harbors on the coast In the present state of affairs, nothing can be introduced

The notification of the blockade is the latest advice which we have from Upper California, but by which you will perceive that Commodore Stockton had established himself in the capital as governor &c It is reported that the ports of Lower California are to be taken possession of, and San Blas made a rendezvous for the blockading squadron and their prizes

The officers who came on shore at San Blas, insinuated that all property and persons on shore would be respected, and that the blockade would be enforced in the mildest manner that the laws of war permitted, and said that all neutral property found in Mexican vessels would be given up on being claimed by the owners—The blockade, however, will cause an entire suspension of all commerce on this side of the republic, but will produce much sensation among the apathetic people

General Yanez, Commander in Chief at Jalisco, marched on the 7th Sept, for Tepic and San Blas, with a large force, preparatory to the defence of those points in case of attack

Extract of a letter from an officer on board the United States frigate Savannah, dated

At Sea, July 31, 1846

On the 7th of June, the Commodore received information at Mazatlan, that the Mexican troops, six or seven thousand strong, had by order of the Mexican government invaded the territory of the United States, north of the Rio Grande, and had attacked the forces under Gen Taylor, and that the squadron of the U States was blockading the coast of Mexico on the Gulf

These hostilities he said, would justify commencing offensive operations on the west coast He therefore, on the 8th, left in the Savannah, for the coast of California, leaving the Warren at Mazatlan, to bring any despatches or important information that might reach there We arrived at Monterey, on the 2d of July, where we found the Cyane and Levant, and learned that the Portsmouth was at San Francisco

On the morning of the 7th, having previously examined the despatches and localities of the two, the Com sent Capt Mervine with a summons to the military commandant of Monterey, requiring him to surrender the place forthwith to the forces of the United States In reply, he stated that he was not authorized to surrender the place, and referred the Com to the commanding general of California, Don Jose Castro

Every arrangement having been made the day previous, the Com immediately embarked the necessary force (about two hundred and fifty seamen and marines) in the boats of the squadron, which landed at ten o clock, under cover of the guns of the ships, with great promptitude and good order, under the immediate command of Capt Wm Mervine, assisted by commander H N Page as second

The forces were immediately formed and marched to the custom house, where Commodore Sloat s proclamation to the inhabitants of California was read, the standard of the United States hoisted, amid three hearty cheers by the troops and foreigners present, and a salute of twenty one guns fired by all the ships Immediately afterwards the proclamation, both in English and Spanish, was posted up about the town, and two justices of the peace appointed to preserve order and punish delinquencies

Previous to landing, a 'general order' was read to the crews of all the ships, or their guidance under the new circumstances in which they were placed We feel confident that the inhabitants of Monterey, and all other places where our forces were, have been safe from the least depredation or the slightest insult

Immediately after taking possession of Monterey, Com Sloat despatched a courier to Gen Castro, the military commandant of California, with a letter and a copy of his proclamation, to which he received a reply On the ninth, he despatched a letter by courier to Sr Rio Pico, the governor at Santa Barbar

On the 6th of July, he despatched orders by sea, to commander Montegomery, to take immediate possession of the bay of San Francisco, &c, and at 7 A M, on the 9th, that officer hoisted the flag at San Francisco—read and posted up Com Sloat s proclamation, and took possession of that part of the country in the name of the U States

On the 13th, at the request of the foreigners at the Pueblo of San Jose, the Commodore furnished a flag to be hoisted at that place—about 70 miles interior from Monterey, and appointed a justice of the peace to preserve order in the town—the alcades declining to serve The flag was hoisted on the 16th

On the 8th, Commodore Sloat selected Purser D Fauntleroy to organize a company of 35 dragoons from volunteers from the ships and citizens on shore, to reconnoitre the country, keep open the communication between Monterey and San Francisco, and to prevent the people of the country from being robbed, &c &c, and directed him to purchase the necessary horses and equipments to mount them

Passed Midshipman Louis McLane having also volunteered for that service he appointed him first lieutenant of the company On the 17th, Mr Fauntleroy was directed to reconnoitre the country with his command as far as the mission of St Johns—to take possession of that place—hoist the flag, and to recover 10 brass guns said to have been buried there by General Castro when he retreated from that place. On his arrival there, Mr Fauntleroy found the place had been taken possession of an hour or two previous by Capt Freemont, with whom he returned to Monterey on the 19th He was subsequently sent to garrison the place, dig up, mount the guns, and recover a large quantity of powder and shot, said to have been secreted there; all of which he accomplished before we sailed from Monterey, between which, the Pueblo of San Jose and San Francisco, a perfectly free communication was maintained

On the afternoon of the 15th July, the Congress arrived with Commodore Stockton

On the 16th, the British Admiral, Sir George F Seymour, arrived in the Collingwood, 80 — An officer was immediately sent by Commodore Sloat to tender him the usual courtesies and facilities of the port He was subsequently furnished with a set of topgallant masts and other spars for his ship and sailed on the 23d for the Sandwich Islands

The visit of the Admiral, I have no doubt, was very serviceable to our cause in California, as the inhabitants fully believed he would take part with them, and that we would be obliged to abandon our conquest, but when they saw the friendly intercourse subsisting between the two commanders, and found that he could not interfere in their behalf, they abandoned all hope of ever seeing the Mexican flag fly in California again

On the 23d, Commodore Sloat directed Commodore Stockton to assume the command of the forces and operations on shore, and on the 29th, having determined to return to the U States via Panama, he hoisted his broad pennant on board the Levant, and sailed for Mazatlan and Panama, leaving the remainder of the squadron under his command

At the time of our leaving Monterey, the United States were in quiet possession of all 'Alta California' north of Santa Barbara

The Cyane sailed for St Diego on the 26th to carry down Capt Freemont, with about 150 riflemen (Americans) to take possession there, and to cut off Gen Castro s retreat to Lower California or Mexico

The Congress was to sail on the 30th for San Pedro, to take possession there That place is 27 miles from the city of Angels, where General Castro and Governor Pico then were, and it was believed that immediately on her arrival they would surrender, which would put an end to all opposition to the United States in the California

The N O Picayune of the 22d inst has Mexican papers down to the 20th Sept The Mexicans were very bitter against the United States On the 9th Sept, Gen Othon, Governor of St Luis Potosi issued an address to the inhabitants of that State announcing that our troops had taken possession of the capital of New Mexico The dangers of the country, he tells them, are each day increasing The Mexicans appear perplexed not knowing what to think of Armijo's conduct They watch all Gen Kearney's movements with intense interests, but are puzzled to know what he is to do next The Picayune promises in its next number an interesting account of the siege of Monterey, prepared by Bailie Peyton, who was a very efficient participator in the fight

Lieut Curd of the army, arrived at Washington the 28th with letters from officers in the army for Gen Scott; no official despatches came for Government

A correspondent, writing from Carmargo to the American Flag, says

I actually believe a majority of the people would be willing to dispute superiority with us inch by inch An excuse is at hand for every new defeat, and in another engagement they promise themselves a certain victory

On the morning of the 21st, while Gen Worth was reconnoitering, near a mile in advance of his troops, the Mexicans endeavored to cut him off He heard their musketry fired at him to his left and rear Wheeling his horse, he and his staff put spurs, and passed safely by the Mexicans, who were so eager to do much, that they permitted him to escape

Sergeat Milton.

Thrilling Description

We listened with the deepest interest, on Saturday last, to Sergeant Milton s description of Capt May s charge upon the Mexican battery, and his own share in that glorious struggle Each man engaged in it was a hero, and perhaps none of those who survived passed through a greater share of peril than the brave veteran in question His modest, unassuming manner, and plain relation of facts, stamp them with the seal of truth, and the wounds on his person bear ample testimony to every word he utters

'At Palo Alto,' says he, 'I took my rank in the troop as Second Sergeant, and while upon the field my horse was wounded in the jaw by a grape shot, which disabled him for service—While he was thus plunging in agony I dismounted and the quick eye of Capt May observed me as I alighted from my horse He inquired if I was hurt I answered no—that my horse was the sufferer 'I am glad it is not yourself,' replied he, 'there is another,' (pointing at the same time to a steed without a rider which was standing with dilated eye gazing at the strife) 'mount him' I approached the horse and he stood still until I put my hand upon the rein and patted his neck, when he rubbed his head alongside of me as it pleased that some human being was about to become his companion in the affray He was a noble bay which had, with a number of others, been purchased for the troop in St Louis I bestrode him, and we passed through the first day unharmed

'On the second day, at Resaca de la Palma, our troops stood anxiously awaiting for the signal to be given, and never had I looked upon men whose countenances more clearly expressed a fixed determination to win The lips of some were pale with excitement, and their eyes wore that fixed expression which betokens mischief, others with shut teeth would quietly laugh and catch a tighter grip of the rein, or seat themselves with care and firmness in the saddle, while quiet words of confidence and encouragement were passed from each to his neighbor All at once Capt May rode to the front of his troop—every rein and sabre was tightly grasped Raising himself and pointing at the battery, he shouted! 'Men, *follow*' There was now a clattering of hoofs and a rattling of sabre sheathes—the fire of the enemy s guns was partly drown by Lieutenant Ridgeley, and the next moment we were sweeping like the wind up the ravine

I was in a squad of about nine men, who were separated by a shower of grape from the battery and we were in advance, May leading He turned his horse opposite the breastwork, in front of the guns, and with another shout to 'follow' leaped over them Several of the horses did follow, but mine, not being well trained, refused, two others balked, and their riders started down the ravine to turn the breastwork where the rest of the troops had entered I made another attempt to clear the guns with my horse, turning him round—feeling all the time secure at thinking the guns discharged—I put his head toward them and gave him spur, but he again balked, so, turning his head down the ravine, I, too, started to ride round the breastwork

'As I came down a lancer dashed at me with a lance in rest With my sabre I parried his thrust, only receiving a slight flesh wound from its point in the arm, which felt at the time like the prick of a pin The lancer turned and fled, at that moment a ball passed through my horse on the left side and shattered my right thigh. The shot killed the horse instantly, and he fell upon my left leg, fastening me by his weight to the earth There I lay, right in the midst of the action, where carnage was riding riot, and every moment the shot, both from our own and the Mexican guns, tearing up the earth around me I tried to raise my horse so as to extricate my leg, but I had already grown so weak with my wound that I was double, and from the mere attempt, I fell back exhausted

To add to my horror, a horse, who was careering about, riderless, within a few yards of me, received a wound, and he commenced struggling and rearing with pain Two or three times he came near falling on me, but at length, with a scream of agony and a bound he fell dead—his body touching my own fallen steed. What I had been in momentary dread of, from the hot firing in my neighborhood, now occurred—my wounded limb which was lying across the horse received another ball in the ankle.

'I now felt disposed to give up, and, exhausted through pain and excitement, a film gathered over my eyes, which I thought was the precursor of dissolution From this hopeless state I was aroused by a wounded Mexican, calling out to me '*Bueno Americano*,' and turning my eyes toward the spot, I saw that he was holding a certificate and calling to me The tide of action now rolled away from me, and hope again sprung up The Mexican uniforms began to disappear from the chapparal, and squadrons of our troops passed in sight, apparently in pursuit While I was thus nursing the prospect of escape, I beheld, not far from me, a villainous looking ranchero, armed with an American Sergeant s short sword, despatching a wounded American soldier, whose body he robbed—the next he came to was a Mexican, whom he arrived the same way, and thus I looked on while he murderously slew four

I drew an undischarged pistol from my holsters, and, laying myself along my horse s neck, watched him, and expected to be the next victim, but something frightened him from his vulture like business, and he fled in another direction I need not say that had he visited me I should have taken one shot at the enemy and should have died content had I succeeded in making such an assassin bite the dust Two hours after, I had the pleasure of shaking some of my comrades by the hand, who were picking up the wounded They lifted my Mexican friend, too, and I am pleased to say he, as well as myself, live to fight over again the sanguine battle of Resaca de la Palma'

Sergeat Milton exhibited to us the certificate which the Mexican soldier afterward presented to him It is from the Treasurer of Coahuila, certifying that he belonged to the regular cavalry of the 8th regiment, and was named Catlos Silva It is dated Saltillo, 13th of April, 1846

[St Louis Reville

State of Maine.

BY THE GOVERNOR

A Proclamation

For a Day of Public Thanksgiving and Praise

The year which is about to close has been distinguished by signal tokens of Divine munificence

Harvests of unusual abundance have rewarded the toil, and gladdened the heart of the husbandman, the various pursuits of industry have been generally successful, and labor, in all its departments, has been liberally remunerated

And while we have enjoyed the comfort, and participated in the benefits of a protracted and fruitful summer, we have escaped the visitation of those severe and unusual maladies, which sometimes mingle with the abundance of autumn, the bitter ingredients of disease and death

To these prolific sources of individual happiness, we have been permitted to add, the uninterrupted possession of our civil rights—the benefit of free institutions—of internal tranquility—of general education—and the ministrations of a pure and benign religion

For these numerous and inestimable blessings, it becomes a people so eminently favored, to unite in the expression of devout acknowledgements to the Great and Good Being whose bounty has bestowed them.

To this end, and in compliance with established custom, I have, with the advice and consent of the Executive Council, appointed THURSDAY, the THIRD DAY OF DECEMBER next, to be observed as a day of PUBLIC THANKSGIVING AND PRAISE and the people of this State are respectfully requested to assemble on that day, in their respective houses of public worship, for the performance of such services as may be proper for the occasion

Commended to our observance by the example of those, whose virtue and piety instituted this annual festival, we cannot better honor their memories, than by perpetuating a custom, at once so venerable and so proper

With greatly accumulated motives, inviting us to this yearly offering of gratitude and praise, let us unite in rendering to our Divine Benefactor, the tribute of devout thanksgiving

Suspending the labors and anxieties of business, let us devote the day to the grateful duties and rational enjoyments, for which it was originally designed

To the solemn services of public worship, let us add a cheerful performance of the practical duties of benevolence and charity, to the exercise of which, the occasion is so peculiarly appropriate

And while surrounded by the immediate tokens of God s bounty, let us recall the many proofs of His regard and favor afforded in times past, to the people of this State, and to our common country

Let us invoke upon all the interests of our State and Nation, His continued protection, that our government may be administered in wisdom, and the rights and liberties of the people perpetuated, and that the signal victories with which He has been pleased to crown our arms, during the existing war with a foreign nation, may lead to the speedy establishment of an honorable and lasting peace

And reminded by the swift recurrence of these anniversaries, that our day of life is hastening to its close, may the silent, but admonitory lesson, forcibly impress our hearts, and may it lead us to seek, through the sanctifying influences of the religion of our Savior, a timely preparation for a future life

Given at the Council Chamber at Augusta, this twelfth day of October, in the year of our Lord one thousand eight hundred and forty six, and of the Independence of the United States, the seventy first H J ANDERSON

By the Governor

EZRA B FRENCH, Secr'y of State

☞ The National Police Gazette contains a list of the deserters from the U S Army, since the commencement of "the Mexican war, up to October 12 It appears that the total number is 130, of which belong to Maine 3—(one from Belfast, one from Belgrade, one from Eastport) —Vermont 2—Massachusetts 3—Rhode Island 1 —Connecticut 1—New York 30—New Jersey 1—Pennsylvania 4—Maryland 2—Dist. Columbia 2—Virginia 1—South Carolina 2—Georgia 1—Tennessee 3—Indiana 4—Ohio 13—and over 50 are foreigners, of which the most are from Ireland, some are from Germany, some from Scotland, and 4 from England Poor fellows! their hearts were not "prepared for the war '—Among the names of the deserters we notice that of 'George Washington,' probably the great and good man of that name, would have turned his face from such a war

At Burlington, Vt, on Sunday, Oct 18, the snow was four inches deep, and people rode to church in sleighs!

S G Goodrich has gone to France to superintend the re-publication of his works there

All the contractors on the Canada portion of the railroad from Montreal to Portland, are Yankees The lettings were declared last week.

The remains of Commodore Decatur were reinterred at Philadelphia on Thursday

A Tennessee paper talks of a chap at Holy Springs, who was so astonished at seeing a lady playing at her piano, that after listening for a minute or two he withdrew his head and hollored after his companion —'I say Jem! just come here Darnat on seize me, if here aint a woman pullin music out of a chest!'

'I want a chart, said an old sailor, as he entered a store, and addressed a young man behind the counter

'Yes, sir, you shall have one Will you have St George s or—'

'Stay, said the old sailor, 'youth is always in a hurry I want a chart that shall guide me to HEAVEN, for I have lost my old one Do you now understand me?'

☞ The Rev Dr BABCOCK, formerly President of Waterville College, (Me,) but now of New Bedford, Mass, says

From personal intimate acquaintance with Dr D Jayne an experienced, successful practitioner of medicine, I was prepared to appreciate the numerous testimonials in favor of his different medical preparations, much more highly than the great majority of those which are extensively eulogized On trial of them in my own family, and some of them personally, I have more than realized these favorable anticipations They are what they profess to be, —not quack medicines—but skilfully prepared antidotes for some of the most afflictive of human diseases I know that they are highly esteemed, and frequently prescribed by some of the most respectable of the regular practitioners of medicine in this city and elsewhere and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe as well as eminently useful remedy for the diseased

RUFUS BABCOCK, D D

To the Honorable Justices of the Supreme Judicial Court next to be holden at Bangor, within and for the County of Penobscot, on the fourth Tuesday of October A D 1846

RESPECUFULLY represents your petitioner, ALDEN BLEN, of Bangor, in said county of Penobscot, that he is seized in fee and as a tenant in common with certain persons, all to your petitioner unknown, of one undivided half of a certain tract of land situate in said Bangor, and being parts of lots numbered 144 145 and 138 and bounded as follows to wit northerly on land of Elias Blake westerly on lands of Henry Dutton and Samuel Burce southerly on the Carmel road, so called and easterly on land of Samuel Lowder, containing about one hundred and twenty acres—that he can not occupy and improve the same while the same lies in common and undivided

Wherefore your petitioner prays that notice may issue in due form of law, and that his said share may be assigned and set off to him to hold in fee and severalty

ALDEN BLEN,

By KELLY & McCRILLIS, his Attorneys

STATE OF MAINE.

PENOBSCOT ss —Supreme Judicial Court, October term, 1846

On the foregoing petition, ordered, that said petitioner give notice of the pendency of his said petition to all persons interested by publishing an attested copy thereof, and order, two weeks successively in the Daily Whig and Courier that all persons interested may appear at said Court, holden as above, on Tuesday the 17th of November next, (A D 1846,) being the fourth Tuesday of said term, and shew cause why the prayer of said petitioner should not be granted

Attest WM T HILLIARD, Clerk

Instruction in French.

MADEMOISELLE MYHAN respectfully announces to the Ladies and Gentlemen of Bangor, that she is prepared to receive applications for her services as teacher of the French language at Mr VALENTINE S, on Hammond street

Mlle M flatters herself that a continued residence for some years at the celebrated establishment of the *Sacre Coeur*, at Paris where no other language than French was used either in hours of study or relaxation, will be a sufficient guarantee for her of the possession of a *pure Parisian accent*

For her knowledge of the language skill in teaching, and success with pupils, she invites an inspection of her references in Boston, &c

As Mlle M has under consideration several eligible applications from other quarters, she would be particularly obliged to those who may desire to avail themselves of her services in Bangor, if they would apply as early as possible She would be glad to be enabled to decide by the 10th proximo whether it is practicable for her to make permanent arrangements at Bangor

She is permitted to refer to Messrs FREDERICK HOBBS and GEO B MOODY oct 1

PLATT'S PATENT
GRIST MILL.

To the Citizens of the State of Maine

THE undersigned have the pleasure of informing all mill owners mill wrights, and every citizen in the State who has water, steam or horse power that the above Mills are now manufactured at F Muzzy & Co s Steam Iron Works, in the city of Bangor The great economy in erecting and putting one of these mills in operation where there is sufficient power to carry a shingle machine, or one saw, will, on examination convince every one of the great public convenience, economy and utility of this invaluable improvement in the art of grinding all kinds of grain into the best kinds of meal and flour The cost of the mill is but $150 all ready to run, and it can be put up in a shingle machine clapboard machine, carding saw or grist mill, where there is a pully or drum, to which the belt can be attached, and put in operation in two hours

This improvement is now offered for sale on its own merits It possesses the advantage of saving power, its cost is not one third of the large mills, its labor in a superior degree less than any other now in use and is well adapted both to portable and stationary uses The weight of the Mill ready to run is about 1200 pounds The stones are of the best French Flint Burr and do not require picking oftener than once in four or eight weeks We are now grinding in this city, and producing as good an article of wheat flour, rye flour meal and corn meal in the same run of stones, as can be produced in any large mill in the State of Maine As proof of this fact, we refer to the best bakers in the city, who are using it daily

DESCRIPTION OF THE MILL.

The spindle is suspended above the upper stone or runner by means of a hollow screw, with a connecting rod leading from it to the spindle, and is thus raised or lowered at pleasure This Mill has not failed to operate to the entire satisfaction of all who have seen it It took the first premium at the Fair in the city of New York, also at the Agricultural Fair in Rochester

It is free from complication and easily kept in repair, and a boy can tend it

The following persons can be referred to should any remain in doubt as to its durability and its perfect ability to perform all that the proprietors here set forth

NAMES

Wm C Perkins Boston, Mass, Geo Peck Fairfield, Ct, Chas Hayes, Esq, Keeseville, N Y, John Curtis, George Sterling and Z. Weed, Bridgeport, Ct, Fresson Crolut Burlington, Vt, Col N G Blount, Lenoir county, North Carolina, who has ordered 80 Mills

TESTIMONIALS

Now let us see what millers, and owners and mill rights say in regard to this invaluable improvement

We the undersigned, certify that at St Albans Bay on the 2d day of November 1843 in the steam saw mill at that place, there was ground in Platt s Portable Grist Mill, fitted up in that place ten bushels of peas and oats and done in the best manner within 30 minutes, and we further certify, that we believe the said mill capable of performing all the grinding usually done in a grist mill equal to any mill in this State by one run of stones

And we further state, that the said mill ground eight Bushels and a half of corn (fine meal) in an hour, without being in the least heated
D S PAYNE, Miller

Ralph Lasell,
James Lamson, } Witnesses
R A Hurlbut,
Noble Squire,

I, the undersigned certify that one of Platt's Portable Grist Mills has been fitted up in Messrs White & Co's grist mill at Vergennes and I will frankly say to the public that I have fully tried the mill both on flouring and provender and have come to the full conclusion, that the above mill will compete with any mill in the country both in flouring and provender ASA HARRINGTON, Miller
Vergennes, April 24, 1846

The mill above named was in operation in the Vergennes Iron Company grist mill a number of days and so far as we witnessed its performance in grinding grain, we were well satisfied with it, and believe it to be a good article
SAMUEL BARKER,
Wm H WHITE, Pres't Vergennes Bank

This is to certify that one of Platt's Portable Grist Mills has been put in operation in the grist mill at Middlebury by the side of seven run of Burr stones, and I have given it a thorough trial, both on flour and provender and I am frank to say to the public, that I am satisfied the mill will do business equal to any run of stones in the country
M CUNNINGHAM, Miller
Middlebury, July 20, 1845

This is to certify that I have bought and have now in use, one of Platt s Patent Mills in my grist mill by the side of three run of 4 ft 10 inch Burr Stones and can frankly tell the public that it can do work as fast and as well as any other stone of the large kind with two-thirds of the power and verily believe they are capable of doing any and all kinds of work done in a grist mill
LEWIS MERRITT

I would say that I tend the above mill of Mr Merritt s, and that I can testify to the above as a fact JAMES GRAHAM, Miller
Hartland, April 29, 1846

This may certify that I have bought and have now in use, one of Platt s Patent Grist Mills, and it works well on all kinds of grain, is run by the side of four run 4½ ft Burr stones, and can confidently say that it will do as much work with one half the power and as well as the large stone
DANIEL CUSHING
Springfield, May 1, 1846

The following certificates are from millers in the city of Bangor and speak for themselves

I hereby certify that I have tended Platt s Patent Grist Mill, so called for Messrs Thomas & Kidd in the steam mill of Dea Woodard, and that I am a miller by trade, and have tended mills for 30 yrs and that I have never tended any mill that will produce a better article of rye or corn meal nor any large mill of 7 ft stone, that would grind provender or fine meal as fast as the above mentioned mill And I further state that I do consider it one of the most valuable improvements ever invented by man for grinding all kinds of grain in every respect,—in regard to economy in erecting a mill, saving of labor, and the small amount of power required to carry the same
JOHN THOMPSON, Miller
Bangor, Oct 16, 1846

To Messrs Thomas & Kidd

Gentlemen—I take pleasure in certifying to you and to the world that I consider Platt s Patent Grist Mill one of the most valuable improvements that has ever been got up in the art of grinding all kinds of grain I have now been tending the above mentioned mill about six weeks, in this city and can safely say that it produces as good an article of rye wheat or corn meal as any mill I have ever tended, and nearly as fast In some kinds of grinding it will perform much more work than any large run of stone I ever have tended It is simple and easy to tend, and not liable to get out of order I cheerfully recommend it to persons who are going to erect grist mills, in preference to the large mills, even at the same cost
PRELATE KENDRICK, Miller
Bangor, Oct 17, 1846

Opinions of the Press.

[From the Bangor Whig]

PLATT'S PREMIUM PORTABLE GRIST MILL. We yesterday witnessed the operation of a mill with the above name, at the steam factory of the Messrs Dole, in this city It was employed in grinding coarse corn meal for the woods, and turned it out in immense quantities, at the rate of between fifty and sixty bushels an hour Fine meal, as good, Mr Gurney says, as he ever saw, is ground in this mill, at an average of ten bushels an hour He thinks this mill has ground him several bushels of rye better than he ever had any ground It is a very neat and compact mill, easily put up, and kept in repair at a small expense The cost of a mill is one hundred and fifty dollars.

From what we saw of the operations of the mill—from the testimony of several competent judges, and from the quality of the several kinds of meal ground by it, we feel fully authorized to pronounce it a good machine, and of surpassing convenience, particularly in all new countries. How far it will compete with the best run of stones in the modern grist-mill, we are not able to decide although from certain testimony we have seen upon this point, it will stand a good test

The owners of the right for this State, Messrs Thomas & Kidd, are now in this city, and we learn are about getting up a company to engage in the manufacture of these mills here

[From the Bangor Mercury, Sept. 3, 184

PLATT'S PATENT GRIST MILL. The patent for this mill has been secured about two years, and is now owned for the State of Maine, by Messrs. Thomas & Kidd, of Burlington, Vt. Col Thomas, one of the owners, is now in this city, with a pattern mill, which has been put in operation at Dole's steam establishment on Hammond st, where the public are invited to call and see it perform—its capacity admits of grinding grain of all kinds, both coarse and fine We have seen some of the meal from this mill, which for cleanness and fineness, is not excelled, and for its capacity for grinding, it is good for cracking grain for cattle at the rate of forty bushels per hour

The mill is portable and can be transported in a one horse wagon, set up in two hours, and put in operation by means of a belt, where there is steam, water, or horse power

The cost of the mill ready to run, over and above the patent right, is but $150

We have seen this mill in operation, and we know no reason to prevent its speedily coming into general use—Heretofore it has cost a small fortune to erect a grist mill and put it into operation, and the inhabitants of many sections are obliged to travel long distances, but this patent can be put in operation for so small a sum, that neighborhoods can now have a mill of their own and save the entire cost in one year

We understand that a company has been or is about to be formed for the purpose of engaging in the manufacture of the mills in this city, in sufficient numbers to supply the State

[From the Bangor Democrat]

One of Platt s Portable Grist Mills has been in operation a few days past in the basement story of the Cabinet shop of the Messrs Dole It makes excellent meal grinding out ten bushels an hour and Col Thomas, one of the owners of the patent right of this State says it can crush a bushel in about one minute The mill is compact and cheap ($150) and those who understand such things better than we do can examine it for themselves and determine whether it is an improvement

[From the N Y Tribune]

"EVERY MAN HIS OWN MILLER. We spent an hour on Saturday in a visit to the manufactory of the Portable Mills for grinding grain coffee, spices salt &c, of which we have hitherto spoken Several of the mills were put in operation by hand and steam power, converting wheat and corn into good flour and meal with satisfactory rapidity For any new settlement—for a band of emigrants to the far west—for a plantation or neighborhood at some from mills it seems almost indispensable It hardly occupies more room than a chest of drawers—may be put up by any ordinary mechanic in any spare room barn or wood shed, and will grind (by horse power) almost any farmer's grain with far less expense of time and tenfold less than would be required to take it to a mill two miles off It may be propelled by water steam horse or hand power Those who have experienced the delight of going ten or twenty miles to mill over bad roads and then finding the mill out of order, or choked with ice, so that another day must be spent in coming, after the mill will know how to appreciate this invention The grinding surfaces are of the best French burr stones ready to pick up and put in order by almost any one There are many neighborhoods in which it would be richly worth $1 000 to have one of them We saw two of them put up for the California expedition

The subscribers are now prepared to furnish Mills as above stated with the right of using the same in any town or county in the State of Maine, not already disposed of

JACKSON'S
Pile Embrocation.
TESTIMONY!
Bangor Oct 5th, 1846
MESSRS HALL & YOUNG—Gentlemen
A few weeks since I called at your shop and bought one bottle of Dr Jackson's Pile Embrocation As I then bought with considerable hesitation not knowing but what it was more of a humbug than any thing else, I deem it my duty as one dreadful sufferer relieved, and finally cured by its use, to inform you in a public manner of my entire approbation of the medicine and sincerely hope that others may be induced to purchase it under similar circumstances A good application for the Piles has long been a desideratum and I have never met with any thing so remarkable as its curative properties, as the above medicine procured of you
Yours very respectfully,
oct 20 1md&w WM C LEE

CONSUMPTION CURED!

BUCHAN'S HUNGARIAN BALSAM OF LIFE.

THE

GREAT ENGLISH REMEDY

For Colds, Coughs, Asthma, and other Diseases of the CHEST and LUNGS.

BUCHAN'S HUNGARIAN BALSAM the Great English Remedy for Pectoral and Pulmonary diseases, still stands universal and unsurpassed as the most efficacious agreeable, and effectual curative of these formidable complaints, now known to the civilized world.

Three years of trial in the United States during which time it has been distributed from Maine to Florida, has only served to establish its pre eminent merit in all parts of the country, as the great

ONLY RELIABLE REMEDY

in the worst cases of Pulmonary disease, and the best and most reliable curative of all the slight forms of colds, cough and inflammation, that can possibly be used.

SPITTING OF BLOOD! This frightful symptom of approaching Consumption is speedily checked and prevented by the use of Buchan's Hungarian Balsam which heals the affected membrane, removes the incipient tubercles and restores those vital organs, the lungs to a sound and healthy condition.

REMEMBER THIS Spitting of Blood always arises from ulceration or Pulmonary disease and if not checked, at the outset, will sooner or later determine in death. A person who raises blood once will raise blood again unless a proper curative is immediately applied.

PAIN IN THE SIDE! This distressing symptom of Consumption arises from inflammation of the Lungs or the membrane called the Pleura, or from Bronchial affection of the air passages. In either case it is a very dangerous indication of disease. It prevents full and free respiration and wears away the natural structure of the system. The cause of this symptom should be removed at once and nothing can possibly effect that object so speedily and happily as the Great English Remedy, discovered by Dr Buchan which is entirely vegetable in its ingredients, and perfectly harmless in all its qualities.

LIVER COMPLAINT In cases of Consumption the Liver is always more or less affected, and also the Spleen, Pleura and small intestines. On dissecting Consumptive patients, tubercles are often found in all those organs particularly upon the Liver, which also becomes fatty, oily and swelled. The effect of the Hungarian Balsam in diseases of the Liver particularly of the oil mucilaginous nature is direct and powerful. *Simple disease of the Liver, unattended by Consumption is speedily cured by it.*

WINTER COUGH The harsh, dry, hacking winter cough which *effects old people*, and invalids in a low state of health is happily alleviated by the *Hungarian Balsam*.

It warms, moistens, and stimulates the whole breathing apparatus, removes all morbid mucus and other foulness, purifies and animates the blood, improves the secretive power of the Liver, Spleen, and other large glands, and the digestive organs, and imparts new life to the warm and emaciated system.

BRONCHITIS Bronchitis Difficulty of Breathing, Harsh Cough, a gloomy expectoration, with all other symptoms caused by an affection of the air tubes leading from the throat to the lungs, are directly and specifically cured by the use of the admirable remedy invented by *Dr Buchan*.

This is a very painful, wearing and injurious complaint, and always has a powerful tendency to inflame and soften the Lungs and thereby to induce the worst form of Pulmonary disease. Be warned in time, ye afflicted! and employ this valuable remedy.

TUBERCLES ON THE LUNGS! The Hungarian Balsam is the only popular remedy which has any power to dissolve, remove, and cure Tubercles on the Lungs. Incredible as this is generally esteemed we have the most abundant and conclusive evidence to sustain the assertion that such is its direct and immediate effect in all cases where there is no natural organic defect. In fact, so confident is the American Agent of its power to cure the worst form of this disease that he prefers (as he has frequently stated) that it should be used by invalids who have been *PRONOUNCED INCURABLE* by the most eminent physicians, rather than by persons affected with some slighter form of disease—in order that its triumphs might be more apparent. He boldly declares that it will cure Tuberculous disease and confidently solicits a trial in the *worst of cases*.

EXPECTORATION! Free Expectoration is the most important object to be attained in all attempts to cure diseases of the Chest and Lungs. The Cough which is so distressing is simply the result of a desire to expectorate, and as long as foul matter exists in the air passage it will continue to irritate the membrane and provoke a cough. Coughing is an attempt to throw off this matter, and expectoration gives great relief. Inability to expectorate in the latter stages of Consumption is the cause of death.

The Hungarian Balsam is a *great Expectorant*—It dissolves the morbid and diseased matter in the air passage, changes it from a thick, glutinous substance, to a thin harmless fluid, and throws it off with the greatest possible ease and comfort to the patient. There is no better medicine in the world, if its expectorant quality alone be considered.

SPASMODIC ASTHMA Simple or Spasmodic Asthma, has no better remedy than the Hungarian Balsam. This painful and destructive affection which resists almost every thing else, yields to the all powerful influence of this great remedy, as readily as any other form of Pectoral disease.

CONSUMPTION! Consumption has been graphically described as a *Shrinking of one's self!* The Hungarian Balsam by its cleansing, warming, softening and animating power, produces, not shrinking but *expansion!*

Before its delightful influence, all chills, fever, night sweats, costiveness, blueness of the nails, a hot flushed skin, an uncertain strength, emaciation and decline—disappear, like the poisonous dews of night before the glorious morning sun! This is no delusion but demonstrable fact, sustained by incontestable proof, from all parts of the country.

BE WISE TO DAY Delay in any case of Consumptive tendency, is emphatically Death under all ordinary treatment. The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described be advised in time.

Sold in large bottles at only one dollar per bottle.

By Special Appointment—David F Bradlee Boston Mass, Sole Agent for the United States and British American Provinces.

J S HOUGHTON 130 Washington street Boston General Agent for the New England States.

SICKNESS IN CHILDREN

And the suffering which they undergo from "worms often tend to a fatal termination, while the CAUSE is never suspected. Offensive breath, picking at the nose, grinding the teeth during sleep, starting in sleep with fright and screaming, troublesome cough and feverishness, are among some of the *Prominent Symptoms* of the presence of worms. A timely use of

SHERMAN'S WORM LOZENGES

Will immediately remove all these unpleasant symptoms and restore to perfect health. Sister Ignatius, Superior of the Catholic Half Orphan Asylum, has added her testimony in their favor to the thousands who have gone before. She states that there are over 100 children in the Asylum, and that they have been in the habit of using Sherman's Lozenges and she has always found them to be attended with the most beneficial effects. They have been proved to be infallible in over 400 000 cases.

CONSUMPTION,

Influenza Coughs Colds Whooping Cough, Tightness of the Lungs or Chest may be cured. Rev Darius Anthony was very low from Consumption, Jonathan Howarth, the celebrated temperance lecturer was reduced to the verge of the grave by raising blood. Rev Mr Dunbar, of New York the Rev Mr De Forest, Evangelist in the Western part of this state Rev Sebastian Streeter, of Boston the wife of Orasmus Dibble Esq, in Moravia, and hundreds of others, have been relieved and cured by a proper use of

SHERMAN'S COUGH LOZENGES,

And no medicine has ever been offered to the public which has been more effectual in the relief of those diseases or which can be recommended with more confidence. They allay all itching or irritation, render the cough easy, promote expectoration, remove the cause, and produce the most happy and lasting effects.

HEADACHE

Palpitation of the Heart Lowness of Spirits, Sea sickness Despondency, Dimness, Cholic Spasms, Cramps of the Stomach Summer or Bowel Complaints, also all the distressing symptoms arising from free living or a night of dissipation are quickly and entirely relieved by using

SHERMAN'S CAMPHOR LOZENGES

They act speedily and relieve in a very short space of time, giving tone and vigor to the system, and enable a person using them to undergo great mental or bodily fatigue.

RHUMATISM,

Weak Back Pain and weakness in the Breast Back, Limbs and other parts of the body are speedily and effectually relieved by SHERMAN'S POOR MAN'S PLASTER, which costs only 12½ cents and is within the reach of all. So great has become the reputation of this article that one million will not begin to supply the annual demand. It is acknowledged to be the best strengthening Plaster in the world.

BEWARE OF IMPOSITION

Dr Sherman's Poor Man's Plaster has his name with directions printed on the back of the Plaster and a ☞ *fac simile* ☜ of the Doctor's written name under the directions. None others are genuine or to be relied on. Dr. Sherman's Warehouse is No 106 Nassau st New York.

NOW FOR THE TESTIMONY.

PREJUDICE however deep rooted and long standing must yield to simple ungarnished statements of fact, like the following—Captain Thomp on is well known in this city and in many parts of this State and his statements are highly important. Read them

BANGOR Mar 16 1846

I have been very severely afflicted with a distressing cough attended with asthma. For thirty years especially during the winter season for some eight or ten years past I have expended a large amount of money in endeavoring to regain my health and have tried nearly all the preparations of the day with little or no benefit. During the fore part of last winter I was much worse than usual—very much worn down with my cough, and emaciated so that I was unable to attend to business. I felt discouraged and began to conclude with my friends that my case was a hopeless one. Whilst in this situation a friend called to see me and advised me to send and purchase a bottle of Hunter's Pulmonary Balsam and a box of the Indian Dyspepsia Pills prepared by CURTIS & CO. of this city saying he had made use of them in a case very similar and had been cured. I had little or no confidence in any patent medicines, having tried many and found no relief and objected sending for them for some time. At the earnest solicitation of several who declared they had found relief from them I purchased a bottle of the Balsam and a box of the Pills. Very soon after I commenced using them, was relieved from the distress at my lungs my cough became loose and I raised easy. Soon after my cough began to disappear and in less than a month it was perfectly well. My lungs now appear perfectly well, and have been so for months. I believe the Balsam and Pills SAVED MY LIFE. I have made use of it since for my children in cases of colds and coughs, and it has universally given them immediate relief and cured the cough. I do most cheerfully recommend it to the public believing it to be *the best article in the world* for all lung complaints, asthma, &c. JOHN THOMPSON

The Balsam and Pills are sold wholesale and retail by CURTIS & PERKINS No 4 Strickland's Block West End Kenduskeag Bridge, Bangor Also, by D BUGBEE, and Druggists generally in this city. — 3m — june 20

FARM FOR SALE.

THE well known farm situated in Frankfort on the mail route to Bangor, owned and occupied by the subscriber. Said farm contains eighty four and one half acres, and is under a high state of cultivation, produces forty tons of hay has abundance of wood of second growth, a good front privilege for picking up drift wood and an unfailing source of river mud, an approved kind of manure is as well fenced and in as good order as any farm in Waldo co; has a young orchard of choice grafted fruit trees. The house barn and other buildings are extensive and nearly new built of the best materials and finished in a workmanlike manner with a first rate cellar and foundations. The house and barns are supplied with water through an aqueduct of lead pipe and the cellar contains Tanks capable of holding two thousand gallons water.

The above farm is situated about two miles and a half above Frankfort Village, the head of winter navigation, and the best potato market on the Penobscot river. Should the purchaser wish it the neat stock and farming utensils will be sold with the farm. Terms of payment liberal.

For further particulars call on JOSEPH BRYANT Bangor, TISDALE DEAN, Frankfort Village or at the farm, on NATHANIEL ATWOOD.

Any person wishing to get a good farm and buildings for a little money had better call as this place will positively be sold in the course of the year

G W LADD Agent for Bangor

Among the numerous remedies which stand reputable on the basis of an ancient name, are none perhaps which have acquired so great celebrity, and extensive use in so short a time as this invaluable article. They have gained their high reputation, alone by their good works. Those who once try them always use them again. They are grateful to the stomach,—they improve the functions of secretion nutrition and circulation. They restore digestion and appetite and create a natural warmth inwardly, which glows through the whole system, giving it greater vitality and animation. The experience of thousands attest to their good effects. After using them for a short time the hitherto wretched invalid finds that all disagreeable and unhealthy humors have forsaken his system. His digestive organs perform their proper functions, his blood regains its wonted purity the oppressive sense of weakness and pain departs, and his body becomes endowed with renewed strength and vigor—while the mind resumes its original vivacity and cleanness. Such are the results produced by Halsey's Sugar coated Pills the mildest, yet most effectual preparation of the class in use.

In BILIOUS complaints Costiveness, Indigestion, Dyspepsia, and all other disorders of the stomach they produce the most happy results. For Sores, Boils, Saltrheum, Fetter Erysipelas, Eruptions of the Skin, Scrofulous complaints and many other like diseases arising from IMPURE BLOOD, they have become highly celebrated. Hundreds of certificates have been received from individuals who after having taken them for a few weeks, (according to the directions which accompany the box) were cured of the most afflicting cases of *scrofulous affections*. They give *Good Blood for Bad*. Bottles of the boasted Sarsaparillas, contain less of the true virtues of that valuable plant and are less effectual than a single box of these extraordinary Pills. In Colds Coughs Influenza, Sore Throat Headache Giddiness &c, they are recommended with entire confidence, the relief in these cases is quick and permanent. For Fever and Ague, Fever Asthma Piles Loss of Appetite Dropsy, Jaundice Worms, Looseness General Debility, and many of the various other diseases to which the human system is liable, they have proved an invaluable remedy. Their action on the bowels is of the mildest character even *when doses* never cause griping or uneasiness yet they are searching and efficient. It is impossible by words to give an adequate idea of the great and good effects these pills produce and their superiority over every other remedy of a similar class, a trial only will explain the wide difference. The unhappy invalid after having *tested* but a *single box* of them will with joy for the unexampled change wrought in his health be ready testimony to their uncommon virtues.

N B The *coating of sugar* adds nothing to the great virtues of the Magic Life Pills, it is their uncommon powers in promoting health, on which all their merits stand, notwithstanding this they are the original sugar-coated pills. The proprietor made this valuable improvement to preserve their curative virtues entire as well as to render them pleasant to the taste yet individuals of no integrity have counterfeited other pills coated them and through the base and silly pretension to a patent are distributing them about the country, deceiving the public by dispensing of them unjustly through the already acquired reputation and popularity of the genuine *Halsey's Sugar coated Pills*. In order to get the true and original sugar coated pills see that the engraved signature (G W Halsey) is on the label of each box and buy only of advertised agents.

F. BROWN'S SARSAPARILLA AND TOMATO BITTERS

THESE excellent Bitters will be found a certain cure in all cases of Indigestion or Dyspepsia, Jaundice Loss of Appetite, General Debility Faintness and sinking of the Stomach, Loweness of Spirits Costiveness Determination of Blood to the Head, Pain in the Limbs and Side, Diarrhea Weakness Dizziness, Cutaneous Eruptions on the face and neck fever, night sweats, nervous and sick headache Acidity of Stomach, bilious affections piles, costiveness and in all diseases caused by impurity of the blood the debility of the system or the unhealthy state of the stomach and bowels.

They are also exceedingly efficacious in restoring constitutions broken down by sedentary employments and have been extensively used by Clergymen Editors, Printers Clerks Seamstresses and numerous others whose health had been injured by confinement and close application, with the happiest results.

They restore the action of the stomach, increase the quantity of the blood and impart to the wan and emaciated system of the invalid the vigor and glow of true health.

These Bitters are warranted to be a purely Vegetable compound—and mark this, ☞ they can never do the least injury in any case whatever ☜.

They are kept by many persons as a FAMILY MEDICINE, and have been given to the *youngest children*, on account of the mildness of their operation with excellent effects.

Be sure and always ask for Brown's as there are imitations and counterfeit articles sold, which are no more like the genuine (which is prepared by Frederick Brown) than cold water.

Address all orders to F Brown, the Proprietor No 68 Washington st Boston.

Price, $1 a bottle or 6 bottles for $5.

Best Spring Medicine.

Whitwell's Temperance Bitters.

THE best remedy for Jaundice, Indigestion, Costiveness Worms Loss of Appetite Drowsiness Nervous Complaints, Headache, &c

Nearly all persons, especially those engaged in sedentary employments, feel the necessity of some tonic or strengthening medicine, during the spring and summer months. No article can be better calculated to assist nature restore the system to its original vigor and strengthen the digestive organs, than these Bitters. They are highly recommended by all who have used them. They are made on a new principle in medicine, boiling water being substituted for alcohol in extracting the virtues of the ingredients. The articles of which they are composed are strongly recommended in all Medical Books both European and American. They are put at the lowest possible price, in order to place them within the means of all. Sold in pint bottles at 25 cts each, $2,00 per dozen.

—ALSO—

Whitwell's Detergent Bitters, in papers, price 12½ cents each $1 per doz.

WHITWELL'S ORIGINAL OPODELDOC.

☞ Recommended by the late Hon S L Mitchell M D LL D, Prof of Physic in the N Y College of Physicians.

For the cure of Rheumatism, Gout, Cramp, Sprains Stiffness of Neck or Joints, &c, this article has stood a test of more than 20 years, and is far superior to any other. One trial will fully prove this. Beware of Imitations, and see that every bottle has the signature of J P WHITWELL, on the wrapper before you purchase. ☞ Never buy of Pedlars, they always sell a worthless article—Price 25 cts a bottle.

Whitwell's Aromatic Snuff, recommended by Prof Westerhouse, M D, is the best possible remedy for Headache and Catarrh. Price 25 cents a bottle.

LORRAINE'S PILLS.

THESE Pills are now acknowledged by thousands that use them daily, to be the only medicine that fairly takes the BANNER from all others. They cause no pain or uneasiness of any kind in their operation, and require neither change of diet nor care of any kind. This medicine has actually done wonders. It has established a reputation unrivalled, on its own merits, without being puffed up continually in the papers.

The attention of the reader is respectfully called to the following highly respectable notices of this invaluable and incomparable medicine—and it will be seen its achievements are most extraordinary, as daily experience speaks more and more remarkable cures where other medicines had entirely failed of giving even relief.

COUGHS, COLDS AND CONSUMPTION

A gentleman of Boston, was so much afflicted with hoarseness that he could not speak loud took Lorraine's Pills They had an excellent effect, and rendered his voice soft, clear, and distinct in one night's time.

PILES! PILES!! PILES!!! The only sure remedy for the Piles is

DR LORRAINE'S PILLS

Never in one single instance has failed to cure that worst of all diseases. Certificates from the most respectable people of Boston, can be seen at his office.

VERY REMARKABLE CASES!

John Bruce of Providence, had entirely lost the sight of one eye, and nearly so the other from inflammation, was entirely cured and his eye sight perfectly restored by a steady use of Lorraine's Pills for one month. The certificate is in the hands of the General Agent, signed by three respectable witnesses.

Mr J Greenwood has been entirely cured of a very large sore on his leg by the use of only two boxes of Lorraine's Pills.

SHE WAS POINTED AT!!

She was pointed at, in Washington street Boston saying that is she! That's the lady that was so weak and sick and given over to *die!* and was *cured* even to admiration, by Lorraine's Pills! in so much that when she goes to church or to walk in the street she is actually pointed at,

☞ THAT IS SHE! ☜

DANCED IN FANEUIL HALL!

A lady in November 1844 commenced the use of Lorraine's Pills with all the frightful symptoms of death upon her, visible in the ghostly countenance accompanied with Despondency, Sighing Fainting Convulsions, &c yet by the powerful virtues of only one of Lorraine's Pills daily, in the space of six weeks she acquired such a stomach such a constitution! that she Danced in the Faneuil Hall in Boston.

CAN YOU EAT OYSTERS!

One doctor asks his patients can you eat oysters, &c, another can you drink milk &c. Now we say to you you take but one of Lorraine's Pills daily you can eat any thing and acquire a constitution, fit for all occasions and comforts and pleasures.

Mrs ——, of Salem was afflicted with a cancerous humor that settled on her breast took Lorraine's Pills and was entirely cured.

Mrs ——, of Boston, was dreadfully afflicted with sore Nipples on account of a humor of the blood, took one of Lorraine's Pills every night with a view to cleanse her blood, which entirely cured her.

Dyspepsia—Mrs Susan Bond Pearl street N York was effectually cured of Dyspepsia by taking only one of Lorraine's Pillson going to bed, for eight days.

Nervous or Sick Headache—Lady Smith 189 Friend st N Y was entirely cured of a severe nervous or sick headache by taking three of Lorraine's Pills.

Palpitation of the Heart—Miss E West, Greenwich Place, N York, was entirely cured of a violent Palpitation of the Heart by a steady use of one of Lorraine's Pills every night for one week.

Worms—Mr Loring Gray of N York cured three of his children of Worms by giving them one pill each for three days.

CONSUMPTION.

AND the best medicine known to man for Asthma of every stage Lower Complaints, Bronchites, Influenza, Coughs Colds Bleeding of the Lungs Shortness of Breath, pains and weakness in the side, breast, &c and all other diseases of the

PULMONARY ORGANS.

A very important disease over which this 'Balsam' exerts a very powerful influence is that of a

DISEASED LIVER.

In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed and in numerous instances when patients had endured long and severe suffering from the disease without receiving the least benefit from various remedies and when MERCURY has been resorted to in vain the use of this Balsam has restored the LIVER to a healthy action, and in many instances effected

PERMANENT CURES,

after every known remedy had failed to produce the desired effect.

Opinion of a Regular Physician.

Exeter Me, Sept 30 1845

This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs for two years past, and many times to my knowledge have been used by my patients all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E BOYDEN, Physician at Exeter Corner

NO QUACKERY! NO DECEPTION!

All published statements of cures performed by this medicine are in every respect TRUE.

BEWARE OF COUNTERFEITS AND IMITATIONS. The unparalleled and astonishing efficacy of Dr Wistar's Balsam of Wild Cherry in all the diseases for which it is recommended, during many years after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused several unprincipled counterfeiters and imitators to palm off spurious mixtures of similar name and appearance, for the genuine Balsam.

Be careful and get the genuine DR WISTAR'S BALSAM OF WILD CHERRY. None genuine unless signed I BUTTS. Address all orders to SETH W FOWLE Boston, Mass.

Another New Thing in Penobscot.

The Trojan Pioneer Cooking Stove.

THE subscribers after great expenditure have succeeded in bringing this admirable Cooking Apparatus to perfection and are now prepared to furnish the public with the very best article ever invented. This Stove has had three of the highest premiums awarded to it that were ever awarded to a Cooking Stove, at the Fair of the American Institute in the City of New York a Silver Medal was awarded, at the great State Fair at Poughkeepsie, N Y 1844, where was the greatest competition ever known the first premium was awarded to it and lastly at the Exhibition and Fair in Boston a Silver Medal was awarded to it. This celebrated Stove stands unrivalled in Boston New York and other places where it is in extensive use, 1800 of them were retailed by one establishment in Boston the past year for all cooking and heating purposes it far surpasses any other Cooking Apparatus that can be produced. The oven is extremely large being of sufficient capacity to admit six large pie plates or six large loaves of Bread, or even the largest pudding or bean pots in use at the same time. In addition to the advantages it has over other Stoves for boiling, baking washing frying heating irons, &c it is acknowledged by all who use them that they have the best arrangement for Baking and Roasting that has ever been in use, the steam (from all the cooking) being carried off effectually. This Stove being composed of two parts can be disconnected in one moment's time, so as to make two perfect Stoves which is of great value in warm weather as the summer stove which makes a handsome parlor stove may be used in the setting or dining room—and the other part in the back kitchen for Boiling or Washing and in the fall of the year the two parts may be connected together as is represented above. In fact it is impossible to tell one half of the story about this Stove, and all who feel interested to get a first rate Cooking Apparatus are respectfully requested to call at our Store and examine the above where will be found a first rate assortment of Cook Stoves Ranges, Hot Air Furnaces and Fixtures Tin Ware Sheet Lead, Pumps Lead Pipe, Fire Frames, &c

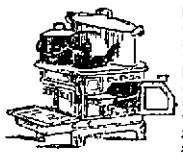
THE AMERICAN AIR-TIGHT COOKING-STOVE.



PIERCE'S PATENT four sizes All purchasers of Stoves be sure and examine this invention. The subscriber has the utmost confidence in its superior merits believing it to be without exception, the most perfect, convenient and economical Stove ever offered to the public. It is the opinion of all who have examined and used it that it will supercede all other COOKING STOVES in use. It has more actual improvements and necessary conveniences about it, than can well be described here, a few among the many are such as having the top of the oven fire brick, which gives it all the advantages of a brick oven the bread will rise and bake light, as the steam is absorbed into the brick this improvement is of great importance. The facilities for roasting in front with a tin oven, are unsurpassed the hearth or summer arrangement for broiling boiling, &c &c with hard coal, charcoal or wood, is an admirable arrangement. The grate clears itself discharging the ashes into the ash pit the flues are so arranged as not to fill up with ashes, the Stove has a large oven and six boilers.

Just received GRATES and STOVES for Coal new and elegant patterns—and AIR TIGHT STOVES of every description.

DEAFNESS CAN BE CURED.

COOPER'S ETHEREAL OIL—A prompt and lasting remedy for DEAFNESS, also for pains and discharge of matter from the Ears.

Hundreds of cures in cases deemed utterly hopeless have firmly established its superiority over every former Medical discovery.

This valuable Acoustic Medicine is a compound of four different Oils, one of which, the active and principal ingredient, is obtained from the bark of a certain species of Walnut, a new and effectual agent in the cure of deafness.

Persons who had been deaf for 10, 15 and even 20 years have been permanently cured by using this oil. In fact so numerous and so emphatic have been the testimonials in its favor that the inventor claims for it the distinction of an Infallible Remedy, in all cases, when the Ear is perfect in its formation.

For further particulars and evidence of its great value, see printed sheets in the hands of Agents.
